To whom it may concern:

We have been working with RMR for over 10 years. They have wonderful quality, consistent deliveries and remarkable flexibility and understanding. RMR are special because they are able to manufacture any type of garment - from tailoring to silk, costume and uniforms to high end luxury forward fashion - men's and ladies. The technology, pattern and grading team are all highly skilled. But the main reason we work with them and continue to grow our business with them, is the whole team are lovely people and a pleasure to do business with. We would recommend them to anyone looking to produce cost effective luxury / quality garments.
